SUMMARY

Sergeant First Class with nine years of progressive maintenance leadership in the United States Army. Ran a battalion-level maintenance section of 12 Soldiers responsible for 60+ tactical wheeled vehicles across two combat deployments. Sustained a 95% operational readiness rate against an Army standard of 90%. Managed a \$2.4M repair parts program. Seeking a civilian fleet maintenance supervisor or diesel technician role in the Fayetteville or Raleigh area.

MILITARY EXPERIENCE

UNITED STATES ARMY 2014 - 2023
Sergeant First Class (E-7), MOS 91B30 Wheeled Vehicle Mechanic

Maintenance Section NCOIC, 3rd Battalion, 27th Field Artillery Regiment
Fort Bragg / Fort Liberty, NC 2020 - 2023

- Served as NCOIC of a 12-Soldier maintenance section supporting a 500-Soldier battalion, accountable for all field-level maintenance.
- Directed scheduled and unscheduled maintenance on 60+ tactical wheeled vehicles including HMMWV, FMTV, LMTV, HEMTT and MRAP platforms.
- Sustained a 95% operational readiness rate across two OCONUS rotations, exceeding the Army standard of 90% for 31 consecutive months.
- Managed a \$2.4M ASL/PLL repair parts inventory in GCSS-Army and SAMS-E with zero loss on three consecutive command supply discipline inspections.
- Wrote and enforced the battalion PMCS program; reduced deadline vehicle time by 30% over 18 months by moving to a scheduled services calendar.
- Trained and certified 24 junior mechanics to 10-level and 20-level proficiency; four were subsequently selected for promotion ahead of peers.
- Coordinated with contracted field service representatives on warranty and depot-level repairs.

Motor Sergeant, 2nd Brigade Combat Team
Fort Hood / Fort Cavazos, TX 2018 - 2020

- Supervised a 6-Soldier motor pool section maintaining 34 vehicles.
- Conducted quality assurance inspections on all completed work orders prior to release, catching an average of 11 discrepancies per month.
- Managed hazardous materials handling, storage and disposal in compliance with Army and EPA regulations. Zero violations on inspection.
- Served as unit Master Driver, licensing 60+ Soldiers on eight vehicle platforms.

Wheeled Vehicle Mechanic
Camp Casey, Republic of Korea 2015 - 2018

- Diagnosed and repaired diesel engines, hydraulic systems, air brake systems, transmissions, differentials and electrical faults.
 - Performed recovery operations on disabled vehicles in field conditions, including night and adverse weather recoveries.
 - Completed 400+ work orders with a 98% first-time-fix rate.
-
